To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation on behalf of Ms. Deborah "Debbie" LeAnce.

I have known Ms. LeAnce for over 10 years in various capacities. Debbie is truly a professional in many ways, especially when providing professional development and blended learning workshops to the faculty. Additionally, her rapport with students is something to admire. She has been a lead teacher and participated in several academic committees. Debbie definitely earned the respect of staff and students as well as in the social science department and the school in general. It is inspiring to see how she has been an innovative educator specializing in developing interactive e-learning components and specialized programs to improve student achievement.

While working for Pomona Unified School District, Debbie has presented in workshops and trainings provided to faculty on professional development days. Her involvement in these activities and participation in committees are extremely beneficial for both faculty and students. Her knowledge of standards and content, as well as her ability to reach a more diverse range of students from many types of backgrounds, has made her an invaluable teacher leader. Debbie exhibits the qualities that are essential to administrate a successful program. She understands the academic needs of an alternative education student, the financial restraints put on education, and the constant demands of evaluation.

Ms. LeAnce is a leader amongst her peers. She would effectively embrace the opportunity to be a teacher trainer in many educational aspects. Her desire to succeed drives her to deliver in many in many situations. Her knowledge of blended learning and professional development is second to none.

Through my experience with Debbie as a colleague and administrator, I highly recommend her for an outside the classroom opportunity to share her expertise in blended learning and adult learning successful strategies. I am confident she will provide the same dedication and work ethic that she has afforded to Pomona Unified. If you have any questions or concerns about Debbie LeAnce, please feel free to contact me at: (909) 469-2333, Ext. 24390.

Sincerely,

Dr. Enrique Medina, Jr.
Director
